To Whom It May Concern:

I met Brenda Stephens ten years as a realtor for Re/Max Associates. Brenda has establishing herself as an outstanding Agent and Broker. She is now the owner and Broker of Showcase of Homes. This firm is well known through out Kingwood, Houston, The Woodlands and surrounding areas.

Brenda is a very diligent honest agent and her reputation in the community is know as honest, hard working, and an outstanding agent, who works hard to please her clients. Her goal is to offer the best services as, an agent, and broker that are available in real estate.

She has many talents as staging homes and decorating them so the homes will sell quicker. On the weekends, she holds open houses and works on market analyzes that will benefit the homes she has listed.

She works closely with all of her clients, these clients respect her, and each of them praise her highly.

As an Escrow Officer for Startex Title Company, I handle many of her closings. The clients always speak of Brenda as someone who cares, giving and doing an outstanding job.

I recommend Brenda to any company who has property, which they need to sell. She will market the property and service them for the company like no other agent will or could do.

I am pleased to know Brenda as an agent and friend. She is professional and her presentation as agent is most outstanding. Her skills, accomplishment, knowledge and integrity of real estate are of the highest caliber.

Brenda has a lovely family; she is also a great mother and wife. This shows in her job and with her clients.

I recommend her for any company or clients who needs and agent.

Sincerely

  
Dorene Mather
